TO WHOM IT MAY CONCERN

Reference: Gito. Jezreel

I am writing this letter to give my highest possible recommendation for Jezreel . I know him through his work in several of my computing classes in which he has been one of my top students.

He is highly competent, well-organized, out-going individual and an excellent communicator. He is a dedicated student who works efficiently to complete all tasks assigned to him.

He is capable of decisive action individually when the occasion warrants and has displayed commendable initiative on a number of occasions.

He has completed his diploma program at the end of 2025. During that time, I found him to be quick and enthusiastic learner. He is able to handle tasks with minimum supervision and always quick to use his initiative to solve problems.

He is an excellent team player and is always quick to use his initiative to solve problems. I have always found him to have the highest standards of honesty and integrity.

Of particular value to me is his enthusiastic embrace of challenging roles, his ability to work well under pressure and with minimal supervision and his unwavering commitment to exceeding expectations.

He is bright student with a promising future.

In summary, I highly recommend for any position to which he should apply. I believe he will do well in his chosen course and I am more than ready to speak personally to this reference and can be contacted on the phone number (675) 982 8556 or email address trevortalaqz@gmail.com

Sincerely,

Trevor K Talakam
